WARM DEBATES OCCUR

Over Manner of Selecting the Committee on Resolutions.

TARIFF BLAMED FOR TRUSTS.

Dr. Washington Gladden and Hon. Charles Foster of Ohio on the Program For Addresses at Chicago.

Chicago, Sept. 14.—The second day's session of the trust conference opened here with William Wirt Howe, of New Orleans, in the chair and a falling off in the attendance of both delegates and spectators.

Chairman Howe proceeded at once to business by putting before the house a resolution introduced by F. S. Farr of Missouri, for the appointment of the important committee on resolutions. It called for a committee of 15 to be selected by Chairman Howe. To this committee all resolutions, according to Mr. Farr, were to be referred without reading or debate.

An amendment was immediately proposed. Various speakers vigorously urged that the resolution be amended to allow the appointments to the committee to be made by the delegates themselves, one committeeman from each state.

The original motion was not acted upon, but the amendment in regard to the manner of appointment was carried by standing vote of 99 to 14.

Governor Atkinson of West Virginia, rising from a far corner, declared that it was unfair to bind the delegates by resolution.

The debate waxed warm and delegates clamoring for recognition, rose in every part of the house with their hands up like board of trade men in the heat of action.

Ex-Governor Luce of Michigan thundered that the reference to a committee without reading or debate meant that many a well meant effort would go to sleep in the hands of the committee and "sleep the sleep of death."

At this rally there was a ripple of merriment which ceased with the clamor of others who wished to be heard. Taylor, of Indiana; Prince of Texas, and Collins of Illinois were heard.

The pro-trust people and the anti's were fearful. It became evident that one side or the other would secure control and bind the minority to something of which they disapproved.

Edward Rosewater, editor of the Omaha Bee, earned applause in an earnest speech, in which he declared that the people of the United States had the courage of their convictions and the convention should adopt such resolutions as it deemed best.

It remained for W. Bourke Cochran to repeat his performance of the first day when he restored the harmony which was lost in an endeavor to secure a committee on program.

Upon his suggestion it was finally decided that the committee on resolutions consist not only of one representative of each state delegation, but of each national organization. To this committee it was resolved that all resolutions be referred without reading or debate.

Mr. Lawton Purdy of the New York Tariff Reform club was then introduced, opening the tariff debate, speaking in part as follows: "I do not contend that the only cause for combinations which restrain trade is the tariff, but the tariff does foster and assist in maintaining such combinations. I believe we have passed the point where any objection can be raised to the abolition of protective tariff."

Byron W. Holt, of the New England Free Traders' club, followed.

Among the delegates and visitors were J. G. W. Cowles, Cleveland board of trade; Attorney General Jefferson Davis of Arkansas, Attorney General Taylor of Indiana, Senator Beveridge of Indiana.

John F. Scanlan of Illinois took up the cudgel on behalf of the protectionists. He called forth a storm of mingled hisses and applause by declaring that it was a brave man, who, after the experiences of the last few years, would advocate a policy of free trade.

He compared the conditions of the country at various times to show that prosperity was greatest when the tariff was highest.

Congressman Thomas Updegraff of Iowa followed in a defense of the protective tariff.

A paper under the caption "Excessive Financial Energy," prepared by Horatio W. Seymour, was read, reasoning that without tariff the trust is impossible.

The program for the evening was

as follows: "The Effect of Trusts on Our National Life," Hazen S. Pingree; "The Desirability of Trusts," ex-Governor Charles Foster of Ohio; "The Arkansas Law as Applied to Trusts," Attorney General Jefferson Davis, Arkansas; "The Limitation of Competition," Washington Gladden of Ohio.

POLICE CHARACTER

Shot and Killed by Officer Lemmick at Cincinnati.

Cincinnati, Sept. 14.—While resisting arrest Thomas Skelton seriously wounded Officer Lemmick. The officer then shot and killed Skelton. The latter was a noted character in police circles.

Approved by Secretary Root.

Washington, Sept. 14.—Secretary Root has approved the action of General Ludlow in suppressing the Reconcentrado, a paper formerly published at Havana. After the paper had been suppressed the publishers appeared at Washington and protested to the secretary of war that the action of General Ludlow was an infringement on the rights of citizenship. The secretary referred the whole matter to General Brooke for report, who, in turn, referred it to General Ludlow. The report of General Ludlow endorsed by General Brooke has been received at the war department and Secretary Root approves it.

Absurd Conduct.

Havana, Sept. 14.—The Herald says editorially that the behavior of the Cubans is absurdly contradictory. In many parts of the island it points out that there is a great want of labor in spite of which the Cubans are crying for foreign labor to leave the country, and in Havana work is being improvised for vagrants. The paper asks why they do not go to Pinar del Rio where laborers are wanted. A Spaniard from Pinar del Rio recently affirmed that his countrymen were dying of hunger there because the people would not give them work.

To Test the Kearsarge.

Washington, Sept. 14.—The navy department has completed the arrangements for the formal speed trial of the big battleship Kearsarge by the appointment of the engineer members of the trial board. There will be the regular inspection board headed by Captain Rogers and in addition Chief Engineers Roelker and Webster from the engineering bureau and Zane from the League Island navy yard. The trial is to take place over the Cape Porpoise course covering four other runs.

Democratic Campaign Managers.

Columbus, O., Sept. 14.—The Democratic state executive committee held a session. The central committee met at 3 p. m. and organized by electing James Seward of Mansfield as chairman of the executive committee. The old Republican headquarters on South Third street adjoining the Y. M. C. A. building were selected as the downtown headquarters for the fall campaign. Chairman Seward was empowered to select a secretary.

To Save the Hooker.

Washington, Sept. 14.—A cable dispatch received from Quartermaster Miller of Manila gives information concerning the cableship Hooker, which was wrecked on a reef near Corrigedor island more than a month ago. It says: "Position of Hooker on reef shows slight alteration for better. Bids for saving vessel and cargo opened Sept. 15. Have sent to Hongkong for appliances."

Railway Deal Denied.

Toledo, Sept. 14.—Ex-President Kneeland of the Clover Leaf arrived in Toledo just in time to deny the rumor that the Lake Shore is negotiating for the control of his road. He does not have any faith in the story.

Death of a Civilian.

Washington, Sept. 14.—General Brooke reports the death of John S. Love, civilian employee of tetanus, on the 12th at Santiago.

New Ministry Formed.

Sydney, N. S. W., Sept. 14.—A new ministry has been formed here with Mr. W. G. Lyne, the leader of the opposition, as premier.

Joe Allen Hanged.

Helena, Mont., Sept. 14.—Joseph Allen was hanged at the county jail for the murder of J. S. Reynolds, near Helena last year.

Weds a Duke.

Berlin, Sept. 14.—Miss Ann Russell Allen, of St. Louis, was married to the Duke of Montefeloro Tuesday at Homburg.

Missionaries Driven Out.

Tacoma, Sept. 14.—Telegrams have been received at Shanghai announcing that several British missionaries have been driven out of the city of Paongan, situated 160 miles across the border in Audane province, Thibet.

REPLY OF TRANSVAAL

Submitted by Secretary Chamberlain to Commander of Army.

REGARDED AS SIGNIFICANT.

Comments of London and Capetown Papers on Situation in South Africa, the Latter Predicting War Soon.

London, Sept. 14.—The Transvaal's reply to the last note of the British secretary of state for the colonies, Mr. Chamberlain, has been received, but its nature has not yet been known.

At the colonial office a reporter was informed that nothing will be given out for the present.

It was regarded as insignificant, however, that the nature of the Boer reply was communicated to the commander-in-chief, Field Marshal Lord Wolseley, who immediately summoned General Sir George Stewart White, former quartermaster general, the prospective commander of the British forces in Natal.

At this hour, the South African advice continue conflicting regarding the tenor of President Kruger's answer to Mr. Chamberlain.

The Morning Post, in a second edition, prints a special dispatch from Pietermaritzburg, capital of Natal, saying the reply is "truculent, loquacious and blasphemous."

The Manchester Guardian's correspondent at Cape Town telegraphs, saying the outlook is of the gloomiest character.

The Cape Town papers themselves take a more hopeful view of the situation, basing their belief on the probable acceptance by President Kruger of the franchise measures suggested in Mr. Chamberlain's latest dispatch.

But even they admit it impossible to learn or foreshadow President Kruger's attitude toward the suzerainty of Great Britain which, after all, is still the main issue.

The consul general of the South African republic, Mr. Montague White, said: "I have good authority for believing that the Transvaal reply will be unsatisfactory to the British government."

The news received by Mr. Chamberlain, it is now said, was probably information regarding the nature of the Boer reply.

The tension now existing here and at any moment by the publication of at any moment by the application of President Kruger's reply. On the other hand, it may be several days before the general public learns what answer the Transvaal has made. If President Kruger has answered defiantly it does not necessarily mean the immediate breaking off of negotiations. The British would probably reply with an unmistakable ultimatum. It is scarcely to their advantage to bring about hostilities until the reinforcements are nearer the scene of action than they are at present.

Whatever the nature of President Kruger's reply, it is probable that several more stages of diplomatic processes will be gone through with before there is definite war or peace, unless, of course, President Kruger should take the initiative and raid Natal. It is the possibility of this move that makes definite news of his reply so eagerly and anxiously awaited.

DEADLOCK BROKEN

Joseph J. Gill Wins Nomination For Congress In Sixteenth.

Martins Ferry, O., Sept. 14.—Joseph J. Gill, of Steubenville, was nominated for congress by the Republicans of the Sixteenth congressional district convention on the 29th ballot to succeed Hon. Lorenzo Danford, deceased.

Henry Diedrich Appointed.

Washington, Sept. 14.—The president has appointed Henry W. Diedrich, United States consul at Magdeburg, to be consul at Bremen in place of Louis Lange, Jr., who retires as the result of an investigation by the state department into his office methods. The appointment is a substantial promotion for Mr. Diedrich and was recommended by Senator Cullom.

The Iron Market.

New York, Sept. 14.—Speaking of the iron trade situation the Iron Age says the returns from the coke and anthracite furnaces show their capacity entered September at practically the same rate as August, viz., 261,500 tons weekly.

Steamers Tied Up.

London, Sept. 14.—Seventeen steamers were unable to leave the Dyne owing to the shipping strike. The Montreal liner Cervon and the steamer Silverdale have conceded to the strikers' demands.

HOT PASSAGES

Exchanged Between Mayor Van Wyck and Counsel Moss.

New York, Sept. 14.—Mayor Robert A. Van Wyck occupied the witness chair before the assembly committee charged with investigating the various departments of the municipal government. From the outset the examination of the mayor by Counsel Moss took the form of an acrimonious colloquy in the course of which Mr. Van Wyck intimated that Mr. Moss was seeking to reach a seat on the supreme court bench by pressing partisan investigation and sneered at counsel's attainments as a lawyer.

Mr. Van Wyck began his testimony by saying he had from the time he assumed office been alarmed over the inadequacy of the Brooklyn water supply. He had not given the Ramapo Water company contract consideration; it would be time enough for that when it reached him officially. It was, witness understood, a mere option, and could do no harm to the city. Witness had been consulted by the heads of departments regarding the contract. The officials, he said, were to exercise their own judgment and not to come to him for advice upon such subjects. Witness again said he would consider the Ramapo contract when it came before him.

"When will it come before you?" asked Mr. Moss.

"When I send for it."

"When will you send for it?"

"None of your business."

The witness was not convinced there was fraud in the Ramapo contract and advised counsel to call Controller Collier and Bridge Commissioner Shea, the only city officials who had charged fraud. Counsel began formulating a question as to the duty of the mayor to remove commissioners who were incompetent.

"Oh," broke in the mayor, "You're talking of removals and you have been talking of legislating me out. Why don't you go ahead and do it and not be talking such impertinence? And why don't you receive that list of stockholders you were offered yesterday? You talk as though Silas B. Butcher, Levi P. Morton and General Tracy, who have stock in this company, are a pack of thieves."

Richard Croker followed Mayor Van Wyck on the stand. He testified that he had not advised any of the commissioners on the subject of the Ramapo company. Before he went to Europe last spring a committee of citizens had called upon the witness to urge the need of an improved water system. He was often visited by such committees seeking his aid and influence. Witness intended to inquire into the merits of the Ramapo contract.

Chinese Interpreter Blamed.

Washington, Sept. 14.—As a result of the investigation of the charges made against Dr. Edward Bedloe, United States consul at Canton, it is stated he will either be ordered back to Canton or be given another position in the consular service equally as good as that he occupied in China. The responsibility for Dr. Bedloe's trouble, that of issuing fraudulent certificates to Chinese is placed entirely upon his interpreter, a Chinaman named Chung, who, fearing punishment upon the discovery of his crimes, fled to Macao, so as to escape the vengeance of Dr. Bedloe and the Chinese government.

Dreyfus Demonstrations.

London, Sept. 14.—The Jewish Atonement day was celebrated here, especially in the East End, with Dreyfus demonstrations. A procession with a banner inscribed: "Dreyfus, the martyr. All the civilized world demands his instant release," marched through Spitalfield. Chief Rabbi Adler, preaching in the synagogue, said: "The day Dreyfus was sentenced was more disastrous for France than Waterloo and more humiliating than Sedan."

Floods In Germany.

Berlin, Sept. 14.—The floods are causing widespread damage in southern Germany and Austria. The north part of Zwickau is inundated. Owing to the undermining of the railway bridge over the Isenbret Muehldorf and Rohrbach, a train fell into the river and five persons were killed. All the tributaries of the Danube in Austria are flooded. A bridge over the Schwarza at Payerbach collapsed and 10 persons were carried away.

Mrs. Toulmin Wins.

Chicago, Sept. 14. Mrs. H. Toulmin of the Milwaukee Country club defeated Mrs. Hobart C. Chatfield Taylor in the semi-finals for the governor's cup in the women's golf championship. Good golf was played by both and the score was all square at the eighteenth hole, but on the nineteenth Mrs. Taylor, the present holder, took six strokes while Mrs. Toulmin succeeded in holding down with five.

TARTAR IS RELEASED.

Clearance Papers Given Transport by British Authorities.

FIGHT REPORTED BY WATSON

The Admiral In Command of American Squadron In the Philippines Sends Notice of a Battle With Enemy.

Washington, Sept. 14.—Clearance papers have been allowed the Tartar at Hongkong. It is expected that she will proceed to the United States at once. The information that clearance had been allowed came in a dispatch to Adjutant General Corbin from Colonel Metcalf, commanding the Twentieth Kansas and the troops aboard the transport. It is supposed that clearance papers were allowed upon the suggestion of the British foreign office to the British governor at Hongkong that it would be unwise to interfere with American transports. Another dispatch from Metcalf in reply to one sent states that the Tartar was no more overcrowded and that the food was as good as on other transports leaving Manila. He said that the trouble arose among the discharged regular soldiers who were returning home on board the ship.

TWO MEMBERS

Of the Philippine Commission Are Wanted at Washington.

Manila, Sept. 14.—Colonel Charles Denby and Professor Dean Worcester, members of the Philippine commission, have received instructions from President McKinley asking them to return as soon as possible.

They will embark on the steamer Empress of India, which sails from Hongkong Sept. 26. It is not known whether the clerical force will return with them or remain here. The commissioners had just moved into new offices and had expected to spend some months working on the establishment of municipal government. The Nevada cavalry was unable to sail on the Newport. They will take the next available transport.

Paragua In a Battle.

Washington, Sept. 14.—The following dispatch has been received at the navy department from Admiral Watson at Manila: "Davidson, commanding Paragua, reports sharp engagement at Balemao. Vessel struck many times, rifle shots; no casualties. Paragua silenced insurgents' fire in 20 minutes; range from 400 to 900 yards. Occasion, capture Filipino schooner which Davidson destroyed." Balemao is in province of Masbate, south of Luzon, and north of Visayas.

Message From Brooke.

Washington, Sept. 14.—The adjutant general received the following dispatch from General Brooke at Havana: "Depot battalions First and Eighth infantry leave for States on Buffort. The Second and Tenth infantry will return on McPherson which left New York on the 9th. The Fifth infantry is ready to move as soon as transports arrive, expected on 12th."

New Police at Manila.

Manila, Sept. 14.—The Manila police numbering 250 men, armed with revolvers, became operative at Manila. The force is controlled by the provost marshal and was reviewed on the Luneta.

A Railroad Wreck.

Bakersfield, Cal., Sept. 14.—North-bound passenger train No. 8 on the Southern Pacific railroad ran into the rear end of the Porterville accommodation train at Formosa, about 20 miles north of here. Mrs. Maggie Majors of Los Angeles, Mrs. Ross, her mother, and Mrs. Larue were killed. Engineer Wright and Fireman Keller were seriously injured and their condition is precarious.

Hung to a Telegraph Pole.

Tifton, Ga., Sept. 14.—A negro was arrested at Tity and positively identified as one of the negroes who assaulted Miss Johnson at that place last Tuesday. Two hundred men heavily armed assembled at Tity. People passing on a train saw a negro suspended 20 feet in the air from a telegraph pole.

Welcomed Home.

Denver, Sept. 14.—The Colorado volunteers were welcomed home on their return to the state's capital with a demonstration that atoned for the lack of enthusiasm manifested when the regiment departed from this city on May 17, 1898, for the Philippines.

Royalist's Residence Raided.

Paris, Sept. 14.—Fresh police raids were made on the residence of a prominent Royalist.

WEATHER FORECAST—Fair to-night and Saturday; warmer Saturday in west portions.

INTELLIGENT, honest men in the Republican party are fast coming to concede that their tariff is the cause of trusts.

THE Public Ledger Wednesday contained an article that Senator Goebel will be repudiated by employees of the L. and N. Of course he will. It's no secret that the L. and N. is bitterly opposed to Goebel.

THE Louisville Commercial, the Republican State organ, says "it is better to have a fool for Governor than a rascal." "As the Commercial has already said that Goebel is a rascal of the deepest dye, this latter statement above quoted is a tardy admission that Turney Genl. Taylor isn't real bright," observes the Mt. Sterling Sentinel Democrat.

It must be exceedingly pleasant for the Brown Democrats to be hugged, kissed, petted, slobbered over and patted on the back by Republicans, who see their only hope of success is in wheeling the deluded ones into believing that John Young Brown is in the race. A vote for Brown is a vote for Taylor and against every principle of Democracy.—Dover News.

They imagine they are having a great time, don't they, Br'er Stairs? Some of them who are hobnobbing now with Republicans and suffering themselves to be "hugged, kissed, petted and slobbered over" have been the loudest in "cussing" bolters and berating Republicans in past years when they or their relatives were on the Democratic ticket.

A Wise Woman.

Manager Dye informs us that he is negotiating with the managers of "A Wise Woman" for one night. He says there is very little chance for such a company having a date open. No matter, let them know we are on earth. We may catch them on their return. You must remember 'twas wind that made Chicago. Keep blowing your horn.

Those handsome pieces of sterling silver would be just the thing for wedding gifts. They would be sure to satisfy the pride of the giver and the expectation of the bride. Intrinsic value finds in them the added merit of the newest and most artistic beauty.

BALLENGER, jeweler and optician.

PUSH IT ALONG.

The Ohio Valley Carnival and Horse Show Promises to Attract a Big Crowd. Admission Only 25 Cents.

In the endeavor of the few public-spirited men to give a three days fair to draw visitors to our city the matter of public weal enters largely, and a strong pull for success should be exhibited by every merchant and citizen who has a business enterprise in Maysville.

Take the second thought, you commercially interested persons. What does it mean to you when any effort is made to make the old town attractive? You are paying rent, hiring clerks and buying goods that you may supply the needs of a purchasing public and from that act reap a profit which shall be an income over and above expenses. Unless you advertise, share in the expenses of attempts to bring outsiders into our city you might just as well close up for you will have to pay your rent and clerks out of your principal which means a sure road to failure. Any merchant who is public spirited, who is practically interested in schemes to attract, has a chance to sell his commodities and to heap up riches.

Therefore the deduction is this: Next week when the Ohio Valley Carnival and Horse Show is on at the fair grounds do all in your power to make it a success. Talk it up from now on, write about it, let your business friends and acquaintances know of the premiums and entertainments and those who come here next week will necessarily buy something which without the fair you would not have sold.

There can be no doubt as to its success. The attractions are booked, the money for premiums is up and the low price of admission, 25 cents for all, places it upon a plane of liberality not before offered in Maysville.

A WARM WELCOME.

The Reception Tendered Rev. F. W. Harrop Wednesday Evening a Very Pleasant Affair.

At the M. E. Church on Wednesday evening there was a delightful reception given under the auspices of the Epworth League in honor of Rev. F. W. Harrop's return as pastor for another year.

Mr. G. S. Judd and daughter, Miss Jessie, Dr. Smoot and Prof. Bullett played several beautiful selections on the violin, which were greatly enjoyed by all present.

There were present of the local pastors: Rev. D. D. Chapin, of the Church of the Nativity; Rev. J. O. A. Vaught, of the M. E. Church, South, and Rev. John Barbour, of the First Presbyterian.

The welcome address on behalf of the ministry was made by Rev. Mr. Chapin, and that on behalf of the league and church was made by Mr. Harry Richardson. Each voiced the general rejoicing over his return to this field.

The Sunday school room and class rooms were handsomely decorated with flowers, and there the ladies, assisted by the young Leaguers, served cream, sherbert and cake, and all departed in good spirits and all with one accord said it was good to be there.

May this be the most prosperous and successful year in Rev. Harrop's ministry.

A REMARKABLE CASE.

A Young Lady Suddenly Recovers Her Voice After Being Speechless for Four Years.

[Augusta Chronicle.]

A remarkable case of returning speech to a young girl is reported from near Berlin.

Some four years ago the fifteen-year-old daughter of Jos. McAtee, and granddaughter of Col. Walter McAtee, suddenly lost her power of speech from some unaccountable cause.

During these four years the young lady has continued her studies at school and is an exceptionally bright pupil.

Last Friday while she was running to head a cow in the public road she gave a violent cough, a lump came from her throat, her power of speech returned, and she can now talk as well as any person.

It is a case that not only puzzles the general run of people, but cannot be explained by the medical fraternity.

MURPHY, the jeweler.

MR. THOMAS R. HALL and family, late of Flemingsburg, moved here Wednesday and have taken up their residence on East Second street where he will engage in the marble business. The Fleming Gazette says: "His friends here greatly regret his departure, but wish him success at his new home."

Back of Aberdeen one of the horses stumbled and fell twice, and then the team ran off. The parties jumped and escaped injury. The vehicle was considerably damaged.

THE case of Bruce against the Vanceburg and Stout's Lane Turnpike Company and others and also the case of said turnpike company against the C. and O. Railroad Company, pending in the Lewis Circuit Court, were tried last night before Judge Harbeson at the Central Hotel, by agreement. The cases involve the validity of a tax levied in favor of the turnpike company, and Judge Harbeson decided against it.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Friday's Cash Sale

BLACK DRESS GOODS.

We doubt if you ever saw them cheaper than this. They couldn't be lower unless the bottom fell out of the whole dress goods market, and that hasn't happened, nor is it likely to happen. Honest bargains and great ones. Try our best, we cannot regularly sell such Modair Warp Jacquard as this for less than 50c. So far as we know there isn't another store that sells it at less than 65c. But twenty-five pieces have just come to us to retail at 29c. Perfect black, perfect in weave and finish. To tell the story of the deal would simply bring trouble on the maker, from other stores. So never mind it. Don't delay. Maybe enough for a morning—maybe enough for a day. Brilliant full black, colored with dependable dye, that leaves the fabric soft and unharmed. Absolutely the handsomest Jacquards we have ever offered for the money. This statement is based on actual conditions—we haven't time for theories, not in our business. Of course you know what Jacquards are—a smooth dull black surface with brilliant black figures.

D. HUNT & SON.

Our Proud Position!

In the commercial world has been secured by hard work. We have built our fame on honest soil. The soil where truth will live and bloom, while falsehood and deception are sure to fade and die.

There is a mighty, a gigantic force in square dealing, and long ago we learned its potent power.

Acts of duplicity and the tongue of falsehood never made an honest dollar. By adhering strictly to the most rigid methods of uprightness, our firm is constantly growing in favor and marching on to victory. In addition to an honest policy, we have added pluck, energy, untiring industry and a determination to secure the best of everything in the clothing world, and to get that article at the fountain head. In other words, to buy of the maker, the best makers, at the lowest possible price that spot cash can command.

PONDEROUS is the word that best conveys the extent of our fall purchases.

SUPERB is the word that most fittingly describes the great big stock.

IRRESISTIBLE is the word that conveys the fullest meaning of the low prices at which we will sell the goods. Yes, the low prices are very alluring.

If you are looking for a store where QUALITY and ECONOMY join hands, give us a call. You will find true value that is worthy of your attention.

In conclusion, permit us to extend our hearty thanks to friends, patrons and the whole community for the unstinted patronage of the past, which has made our business what it is, and hoping that we may merit and receive a continuance of the same, we are yours truly,

MARTIN & CO.

WORTHY COUPLE WED.

Marriage Thursday Afternoon of Constable Douglass McDowell and Miss Anna Riley.

Mr. Douglass McDowell and Miss Anna Riley were quietly married Thursday afternoon at 3 o'clock at the parochial parlors on Limestone street, Rev. Father De Waegener, of St. Patrick's Church, officiating. Quite a number of relatives and friends of the couple were present to witness the ceremony. Messrs. Thos. D. Slattery and Thomas Lalley officiated as ushers.

The bride looked very lovely in a tailor-made costume of brown cloth, with hat and gloves to match. She has made her home since childhood with her aunt, Mrs. Hennegan, of the Fifth ward, and is one of the city's most estimable young ladies.

The groom is Constable in Maysville district No. 1, and is numbered among Maysville's worthy and industrious citizens.

The couple left on the F. F. V. for Cincinnati and other points in Ohio. On their return they will make their home on West Third street.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonial as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

Clinton Allen Wanted at Owingsville But Not For Killing a Negro.

Mention was made yesterday of the fact that on Wednesday afternoon Policeman Wallace arrested Clinton Allen, as a fugitive from justice. The arrest was made on a statement of Allen himself that he had killed a negro at Mt. Sterling.

The police learned later that Allen was wanted at Owingsville, instead of Mt. Sterling, and Thursday afternoon warrants for him were received from the latter place.

Instead of charging Allen with murder, the warrants charge him with disturbing religious worship and pointing a deadly weapon at another.

Policeman Wallace took him to Owingsville this morning.

All members of Council No. 16, Jr. O. U. A. M. are requested to meet at their hall to-morrow (Friday) afternoon at 1 o'clock p. m. to attend the flag raising at school house in district No. 50.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

Admiral Dewey's Nerve.

When told that the harbor of Manila was full of sunken torpedoes which, when exploded, would destroy the fleet, Admiral Dewey exclaimed: "Let them explode, I'm going in." He did go in, and the torpedoes were exploded, but the explosions were as harmless as the explosions of laughter during a performance of "Casey's Troubles."

JUDGE WHITE, of the Kentucky Court of Appeals, who has just returned from the western part of the State, says Goebel will carry the First and Second Congressional districts by an aggregate majority of 15,000. The First district gave Hardin four years ago 5,000 majority, and the Second district gave a Republican majority.

THE long distance telephone company has a force of hands at work preparing to stretch the wires across the river at this point. The pole on this side will stand at the foot of Bruce alley, Fifth ward, and will be 106 feet and 9 inches in height. It will probably be put up to-day. The distance from this pole to the Ohio connection is about three-fourths of a mile.

A large number of our citizens have been attending court at Vanceburg for a few days.

Mr. Barber, of Burtonsville, has purchased the Tollesboro-Maysville bus line and will move to this place at an early date.

Rev. J. S. Walker will succeed Bro. Selby in the work at the Methodist Church, (South,) for the next year. Bro. Selby goes to Irvine, Ky.

The series of meetings at the Christian Church at Tollesboro, now being conducted by the minister W. H. Newlin, will continue until Sunday eve and perhaps longer.

Take care of the stomach and the health will take care of itself. If people only realized the soundness of that statement the majority might live to a good old age like Moses, "the eye undimmed, the natural force unabated." It is in the stomach that the blood is made. It is from the stomach that nourishment is dispensed to nerve and muscle. If the stomach is "weak" it can't do its whole work for each part of the body.

If it is diseased the disease will taint the nourishment which is distributed, and so spread disease throughout the body. It was the realization of the importance of the stomach as the very center of health and the common source of disease, which led Dr. Pierce to prepare his "Golden Medical Discovery." "Diseases which originate in the stomach must be cured through the stomach." The soundness of this theory is proved every day by cures of diseased organs, heart, liver, lungs, blood,—by the use of the "Discovery" which is solely and singly a medicine for the blood and organs of digestion and nutrition. It is a temperance medicine, containing no alcohol, whisky or other intoxicant.

PITHY POLITICAL POINTS.

Boiling isn't honorable.

A bolter is a nondescript.

A bolter doesn't amount to anything, either in church or State.

A bolter's vote in the case at hand will apply simply on the Republican side.

A bolter may never be depended on, whether he bolts a Magisterial or a Presidential nomination.

A bolter's vote doesn't count for anything but for the party that he has heretofore professed antipathy to.

A bolter isn't good for anything but to prevent aid and encouragement to the party that he has professed to oppose.

A bolter's vote is the most useless thing that may be conceived, except for the party that he has all along claimed to be aligned against.

There may be men in your church that you don't altogether favor, yet is this a valid reason for you to desert your church and affiliate with another?

The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c. at J. J. Wood & Son's drug store.
